EDUCATION

Sastra University, Thanjavur
Bachelor of Technology, Information and Communication Technology   *Oct 2021 - May 2025*
Current CGPA of 7.3304

Narayana Junior College
Board of Intermediate Education   *Jun 2019 - May 2021*
Percentage: 98.4

Viswabharathi High School
Board of Secondary Education   *Jun 2018 - May 2019*
CGPA: 10

EXPERIENCE

Internpe
Web Development Intern   *June 2024 – July 2024*
- Developed a robust calculator application.
- Designed and implemented an engaging E-Commerce website from scratch, leveraging front-end technologies such as HTML, CSS and JavaScript to optimize user experience and functionality.

PROJECTS

Diabetes prediction using Machine Learning Algorithms
- Developed three machine learning algorithms i.e Logistic Regression, Decision Tree, Gradient boost.
- Data preparation and preprocessing has been done to remove outliers and fill the missing values.
- These models are trained using Pima Indian Diabetes Dataset and can predict diabetes more accurately than the existing machine learning models.

Password Generator
- Developed a web-based password generator application using HTML, CSS and JAVASCRIPT .
- This assists users in creating strong passwords with security and can be customizable.
- The application offered customizable options for password length, character types, and complexity, ensuring user-generated passwords met specific security requirements for online accounts.

SKILLS

Programming skills: C/C++, Python, Java, SQL,Machine Learning.
Tools: Tableau, Excel, Django
Web Development: HTML, CSS, JavaScript

ACHIEVEMENTS

- C++, SQL Programming Skills verified from Hackerrank
- Appreciation certificate from FacePrep for good performance in placement training programme
- Nss certificate for participating in rural development programmes

Activities

- Member of Nss
